

SAFETY AND SECURITY MANAGER

The organization

29 June 2021

Atlantic Minerals Limited (AML) is a leading world producer of chemical grade limestone, chemical grade dolomite and construction aggregates. Our quarry located at Lower Cove on the Port au Port Peninsula in Western Newfoundland (approximately 40 km west of Stephenville, NL), exports all materials by vessel from its marine terminal located adjacent to the quarry. (Visit <https://www.atlanticminerals.com> for additional information.)

The candidate

Our organization is looking for an experienced Safety and Security Manager. The ideal applicant must have completed a recognized Health and Safety Program from an accredited post secondary institution. A minimum of five years' experience working in occupational health and safety, preferably in the mining or construction industry is required. A CRSP certification is also required. Applicants must also possess appropriate training in marine security and be able to lead the company's marine security program such that it meets all standards established by Transport Canada. Experience in disability case management and Early, Safe Return to Work programs would be a definite asset. Candidates must possess, and maintain, a valid drivers license. The successful applicant must also be comfortable working in a computerized setting.

Qualified candidates are encouraged to apply in confidence by submitting an **Atlantic Minerals Application form**, proof of qualifications and the names of two supervisory employment references **by 12 July 2021 to:**
